

Oggetto: modalità d'iscrizione alle Coppe del Mondo Mountain Bike UCI

La registrazione online è il modo ufficiale per registrare i corridori agli eventi della Coppa del Mondo di Mountain Bike UCI. Senza questo passaggio, i corridori non saranno autorizzati a partecipare agli eventi della Coppa del Mondo di Mountain Bike UCI.

Le iscrizioni online per la Coppa del mondo di mountain bike UCI Cross-country Olympic, Cross-country Short Track, Cross-country Marathon e Downhill vengono effettuate tramite il sistema di registrazione online UCI. Le scadenze sono pubblicate sul sito web dell'UCI. La Federazione Nazionale provvederà all'iscrizioni per tutti gli atleti che non appartengono ad un Team UCI 2023. Il Team dovrà inviare una mail a fuoristrada@feder ciclismo.it, indicando i nominativi da iscrivere e l'alloggio durante la competizione.

Le iscrizioni online per l'UCI Mountain Bike World Cup Enduro e l'E-Enduro vengono effettuate tramite il sito Web UCI Mountain Bike World Series.

Oltre alla registrazione online per l'evento, ogni corridore è tenuto a creare un account sul sito Web dell'UCI Mountain Bike World Series, per gestire il pagamento per ogni evento e facilitare la rider confirmation.

In allegato la procedura di registrazione sul sito di ESO.

UCI MTB WORLD SERIES - RIDER CONFIRMATION

Dear Teams & National Federations,

We are looking to streamline our Rider Confirmation process to allow riders and team managers a smoother, more efficient experience on-site.

There are a couple of steps we need to take to kick off this process and your assistance with this is extremely important and much appreciated.

STEP 1 - Account Creation / Claim

All riders must be set up with their own account on our website;

<https://ucimtbworldseries.com/>

We therefore request that riders use the following link to find out if they are already set up in the system and either proceed to update their profile or create

a new account.

Please click below or copy & paste link:

The link will take riders to the screen below - they must then enter their unique 11 digit UCI ID (starting with 100 or 101).

If a rider already has an account it will take them to a login page and specify the email address associated with the account.

If a rider does not have an account it will take them to this page where they should then proceed to create their account & profile (as illustrated below).

IMPORTANT - Please can you advise any riders entered through the respective team or through National Federation to proceed with the above steps as soon as possible.

STEP 2 - Entries Selections

FINALE XCM - From **Friday 26th May 11:00 (BST)** UCI MTB Teams can confirm entry and proceed with payment. For riders entering through their

National Federation, the entry will be pending until confirmed by the UCI, at which point the rider can then proceed with payment. National Federations should advise all riders entering through them of this process.

REMAINING ROUNDS AND FORMATS - From **Monday 29th May 16:00 (BST)** UCI MTB Teams and Individual Riders will be able to select the events they are planning to attend for the remainder of the year. For riders entering through their National Federation, the entry will be pending until confirmed by the UCI at which point the rider can proceed with payment.

If on a UCI MTB Team, the Team Manager can select the rounds for their relevant riders and proceed with the payment.

INVOICING SERVICE

Once entries have been selected in the system, instead of paying online if preferred; UCI MTB Teams & National Federations paying for multiple riders can also request to pay via invoice in advance of the rounds - please request this service at sportsservices@eso-sports.com.

Please note the creation of accounts and entries selection would still be required if opting for this service.

On-site Confirmation

The above steps will enable two lanes at confirmation:

> Priority / fast lane - for Teams, National Federations and Individuals who have already created accounts and paid for their entries - proceed directly to

license check & plate collection.

Once you have paid you will be able to download a confirmation document which you should display at rider confirmation to proceed to the 'fast lane'.

> **Secondary lane** - for Teams and Riders with no account or outstanding entries for that round they will need to create an account (if not already done) and proceed with payment before they can collect their number.

We very much appreciate your assistance with the above and please if you have any questions do not hesitate to get in touch - sportsservices@eso-sports.com
